ABOUT US

For 15 years, we have been designing modern and functional public restroom equipment that ensures hygiene, safety, and user comfort.

We offer solutions tailored to diverse needs—from cost-effective options to high-end designer solutions, including accessible facilities for people with disabilities.

We collaborate with developers, architects, and wholesalers, helping to create modern and functional public spaces.

Dyson Airblade

HAIR AND HAND DRYERS use advanced technology for fast and hygienic hand drying.

- AIRBLADE TECHNOLOGY**
An air stream of up to 690 km/h effectively „blows“ water off hands instead of evaporating it.
- HYGIENE**
Built-in HEPA filters remove up to 99.95% of bacteria and viruses from the drying air.
- SPEED**
Drying time is about 10–14 seconds – the fastest on the market
- EFFICIENCY**
Lower energy consumption than traditional HAIR AND HAND DRYERS
- MODERN DESIGN**
Available in various designs to fit any space.
